EDUCATION

KJ Somaiya College of Engineering, Mumbai
Bachelors of Technology in Computer Engineering
Honours: Data Science and Analytics
CGPA: 9.71

October 2022 – May 2026

EXPERIENCE

KJSCE CodeCell

July 2023 - Present

Tech and Marketing Team

- Organized multiple events, demonstrating strong teamwork and coordination skills.
- Conducted educational events and produced YouTube tutorials on Data Structures and Algorithms (Big O).
- Designed and developed websites for various college councils.
- Conducted an introductory event on programming for junior students.
- Led an event teaching React basics to college students.
- Successfully secured sponsors to enhance committee outreach and support events.

Grapevine

December 2023 - Present

UI/UX and Full Stack Developer Intern

- Designed and developed the website using NEXT JS, focusing on user interface and experience.
- Collaborated within a team to ensure professional documentation and efficient project management.

PROJECTS

HealthyNator — React, MongoDB, Firebase, Express, Node.js, Gemini AI

[Demo](#) — [GitHub](#)

- Developed an AI-powered system to provide remedies to patients before connecting with doctors.
- Implemented Gemini AI to analyze symptoms and suggest personalized remedies.
- Led and collaborated with the team to design UI and improve UX.

SikshaConnect — React, MongoDB, Firebase, Express, Node.js

[Demo](#) — [GitHub](#)

- Collaborated within a team to develop ShikshaConnect, a platform aimed at standardizing syllabus across universities.
- Implemented Firebase for seamless role-based authentication, authorization, file storage, and deployment.
- Engineered a real-time forum using MongoDB for database management, React for front-end, and Express for server-side functionality.

Gratify - Social Media App — React, MongoDB, Express, Node.js

[GitHub](#)

- Led the development of a social media app promoting positivity and mental well-being.
- Designed and implemented features for users to share gratitudes and uplifting content.
- Utilized the MERN stack for full-stack development.
